Background/Summary (Information Notices): The Employment Development Department (EDD) issues Workforce Services Information Notices (WSIN) to disseminate announcements, general information, and procedural guidance on departmental programs for EDD staff, workforce partners, stakeholders, and other individuals in the workforce development system. Through the Workforce Innovation and Opportunity Act and the Wagner-Peyser Act, the EDD administers program for veterans, youth, dislocated workers, people with disabilities; including Trade Adjustment Assistance, CalJOBS^{SM}, employer incentives and more. Directives provide policy and guidance regarding various Workforce Services program requirements, funding, and activities for EDD Workforce Services Staff and Workforce Partners.

Workforce Service Directives	
WSD20-02	CALCULATING LOCAL AREA PERFORMANCE AND NONPERFORMANCE: This policy provides the guidance and establishes the procedures regarding calculating Local Workforce Development Areas (Local Area) performance according to the Workforce Innovation and Opportunity Act (WIOA) indicators for Title IB Adult, Dislocated Worker (DW), and Youth. In addition, this Directive outlines the nonperformance policy for Local Areas. This policy applies to all Local Areas, and is effective on the day of issuance. This policy contains some state-imposed requirements. All state-imposed requirements are indicated by bold, italic type. This Directive finalizes Workforce Services Draft Directive Calculating WIOA Performance and Nonperformance (WSDD-214), issued for comment on June 29, 2020. The Workforce Development Community submitted 6 comments during the draft comment period. A summary of comments, including all changes, is provided as Attachment 1. Information Notices	
WSIN20-11	Campesino de California Outreach Grant – Radio Media SFP-The Employment Development Department (EDD) announces the availability of up to $100,000 of Wagner-Peyser 10 Percent Governor's Discretionary funds through the Campesino de California Outreach Grant – Radio Media, Solicitation for Proposals (SFP). The goal of this initiative is to provide Migrant and Seasonal Farmworkers (MSFW) and their families with relevant, timely information regarding the various programs and services offered through the EDD and its partners. The grantee of the project must develop and deliver 24 bi-monthly, 30-minute hosted radio talk shows and record in video format for the MSFW population in Spanish during Program Year 2020-21. Additionally, the grantee must use complementing online and social media outlets to publicize the radio talk show and communicate additional information as necessary. Eligible applicants include non-profit public or private organizations, community and faith based organizations, tribal government, and educational institutions. Individuals are not eligible to apply. Proposal applications must be received by no later than 3 p.m. on October 8, 2020. To view this SFP, please visit the Workforce Development Solicitations for Proposals webpage under "Campesino de California Outreach Grant – Radio Media". For questions or additional information, please contact Xitlalic Martinez at 1-916-654-9309 or xitlalic.martinez@edd.ca.gov.
WSIN20-12	Temporary I-9 Verification Process Changes – Form I-766-The Department of Homeland Security announced delays in the production and issuance of Employment Authorization Document (EAD) Form I-766 and is allowing individuals to temporarily use Approval Notices Form I-797 as an EAD when completing Employment Eligibility Verification Form I-9. America's Job Center of California SM (AJCC) staff should be aware of these temporary changes when verifying authorization to work documentation for Workforce Innovation and Opportunity Act Title I and Title III programs. When verifying authorization to work, AJCC staff must use US Citizenship and Immigration Services (USCIS) Form I-9. AJCC staff should note that if an individual presents a Form I-797, it must have been issued from December 1, 2019 through August 20, 2020. Individuals may present their Form I-797 until December 1, 2020, and must also present AJCC staff with an acceptable Form I-9 List B document that establishes identity. By December 1, 2020, AJCC staff must re-verify individuals who presented a Form I-797 as a List C document. These individuals will need to present AJCC staff with

	new evidence of employment authorization from either List A or List C on the Form I-9. As outlined in Workforce Services Directive Pathway to Services, Referral, and Enrollment (WSD18-03) (PDF), each Local Workforce Development Area is required to have an Authorization to Work policy. AJCC staff should consult with their local policy to determine when AJCC staff should verify an individual's authorization to work documentation. For more information, please refer to the USCIS I-9 Central webpage.
WSIN20-13	System Upgrade: New UI Claim Applications-In late July, Governor Newsom deployed a Strike Team to review the Employment Development Department's (EDD) processes in order to identify improvements to help address the historic claim volumes experienced during the pandemic. As a result of the Strike Team's recommendations, the EDD implemented a two-week reset period to help expedite new claimant payments, reduce fraud and tackle backlog issues. During the brief reset, the EDD will not be accepting new unemployment insurance (UI) applications from September 20 to October 4, 2020, while the EDD makes improvements to reduce processing time and deploys a new identity verification process. These new changes ensure that the EDD will pay customers sooner by verifying identities in an easier, faster way. This two-week reset will also allow the EDD to reduce high volumes of UI claim backlog. America's Job Center of CaliforniaSM (AJCC) staff should be aware that this reset will only impact individuals attempting to apply for UI benefits for the first time. During the reset individuals can submit their contact information through a temporary webpage to be notified when the system upgrade is complete and available to file new applications. AJCC staff should advise claimants to file their claim on October 5, 2020. Claims will be backdated to cover the reset period. This reset does not impact existing claimants from managing their UI Online account. Claimants will still be able to use UI Online to manage existing claims, certify for benefits, reopen a claim, and monitor their account activity. Claimants may visit the UI webpage for updates related to this reset period. We appreciate your patience and understanding as we improve our system to create a better customer experience.
WSIN20-14	California Cradle-to-Career Data System Webinars-On October 14-15, 2020, WestEd will host a series of community engagement webinars to provide information about California's proposed educational data system, the California Cradleto-Career Data System. California's Cradle-to-Career Data System is a new, innovative statewide initiative that will make education, social services, and employment information more accessible for all. The proposed data system will connect education, social services, and workforce data and will include easy-to use visuals, sophisticated search tools, electronic transcripts, and planning resources for students and educators.
WSIN20-15	Local Area Negotiated Performance Goals PY 20 and 21-
