D. **Local Workforce Investment Act (LWIA) Local Plan:** Enrique Arreola & Sylvia Jacquez attended a workshop and distributed information on the 5-year LWIA Plan which needs to be submitted by the end of June. Enrique stated the best way to make move forward and meet the timeline is to hire additional staff through an IFP process. He stated that CSWD is looking into re-hiring someone who is already familiar with the program in order to prevent the necessity of retraining. The goal of the LWIA is that all WIB's become high performing WIBs and that in order to do so, local areas must apply to be a "high performing" WIB. By submitting a 5-year LWIA plan, San Benito County will be considered. A Request for Proposal (RFP) would need to be announced in order to hire someone to prepare the plan. Discuss was having more specialized reports from the Labor Market Information, Demographic Outlook, Economic Outlook, etc. Discussed was the possibility of the Chamber of Commerce & Small Business Council sharing funds to obtain the information and the importance of garnering all resources to bring this together.

E. **Request for Proposal (RFP):** Discussion and consideration to establish an RFP for the LWIA Local Plan. After discussion a motion was made to move forward with first choice of hiring a temporary staff member or second choice of an RFP, which will be determined after discussion with Fiscal Unit as to which would be more feasible. *M/S/C Gary McIntire/David Wright.*

F. **Committee Updates:** Once staff has more info, Kathy Hough will schedule a meeting of the Planning Committee meeting in order to review the new directives in

reference to LWIA and high performance measures & outcomes and whether or not an RFP is needed.

- G. **California Workforce Services Network (CWSN):** Staff reported that Phase I, new CalJOBS system will be implemented March 11, 2013. Phase II will eliminate the job training automation system. No date has been determined for Phase II. The CalJOBS system will not be available as of March 3, 2013 at 9pm. Staff is being trained on the new system and would like to offer workshops to train clients on how to log on to the new system rather than doing a one-on-one training.

H. **Grant Applications:**

1. **25% DW CA Multi-Sector Grant:** Staff received notification of Multi Sector Grant awarded with other counties. San Benito County will receive approximately \$400,000 in funding. Once the contract is executed, this grant will provide training to 50 individuals who have been laid off from the Hollister School District, San Benito County & Milgard Windows. Those laid off as far back as last summer may be eligible for training.
 2. **Community Development Block Grant (CDBG) funding for Workforce Services:** Staff provided an update on the current CDBG grant and special considerations. \$200,000 was allocated for workforce services and 2 of the 3 proposed activities are considered ineligible. Those ineligible activities are the OJT and Work Experience programs. Enrique Arreola explained the “bidding process” mandated by the State and how it was not doable. Discussion was held on selecting specialized training at specific schools and staff will move forward with ITA’s. There will be a need to obtain three price quotes from schools. Staff will provide more feedback at next meeting. Currently 10 individuals are determined eligible and are ready to go as soon as staff receives word from the State that everything is in order.
- I. **WIA Monitoring Visit:** The WIA PY 2012-13 Monitoring Visit, for the 85% Youth Program Activities, was conducted the week of January 28, 2013. Sylvia Jacquez reported there may be several findings which have to do with WIB & YEP Council membership and the current vacancies. Another finding has to do with eligibility determination of youth and the process for exiting them from the program. Sylvia explained the process and categories for exiting. Discussed the verbiage of the Technical Assistance Guide and the discrepancy in using income as a barrier for youth. Staff is still waiting for the final report.
- J. **CWA Youth Conference:** Sylvia Jacquez attended the CWA Youth conference and provided a brief report. She highly recommended that when the Youth Counselor is hired they attend, as well as a YEP Council Member. All across the state there is difficulty in getting youth involved. Discussed engaging youth in the meetings and allowing youth to take ownership. She attended the Work for Youth workshop in an effort to gain ideas on how to raise funds for a Summer Youth Program. Many other counties apply through the Community Foundation, private donors, other grants, etc. Also attended a Youth Performance workshop on how to review participation, enrollments, placements, etc. Discussed the creation of a youth forum to discuss youth programs. Discussed having youth take the WorkKeys assessment. Sylvia also attended the luncheon for those receiving the Dwight Byrdie award and she stated it was very emotional to hear the testimonies of the youth who received the award of \$1000 scholarship each.

II. **Additional Information:**

- A. **Unemployment Report:** The unemployment report for December 2012 was enclosed.

News Release No.: 13-09

California's employment and unemployment data for January will be released on Friday, March 22

NOTE TO EDITORS: The California labor force and industry employment data for January 2013 that was scheduled to be released this Friday will now be released on **Friday, March 22**. The California labor force and industry employment data for February that was scheduled to be released March 22 will now be released on **Friday, March 29**.

This delay is due to additional revisions by the U.S. Bureau of Labor Statistics (BLS) to its annual benchmarking data. The state Employment Development Department (EDD) cannot complete its annual benchmarking process until this updated data is received from the BLS.

As in previous years, the BLS issues a benchmarked employment data series with its release of January data. This is an annual revision process in which monthly estimates of labor force and payroll employment by industry are updated when more complete employment information is available.

Because of the additional tasks surrounding the benchmarking process, California and all other states issue employment data at a later date than in a typical month.

A complete release schedule for 2013 employment data is available on the Labor Market Information section of the EDD website at:
www.labormarketinfo.edd.ca.gov/Content.asp?pageid=162.

More information on the annual benchmarking process is available online at:
www.labormarketinfo.edd.ca.gov/article.asp?ARTICLEID=123.
