COMMUNITY ACTION BOARD & WORKFORCE INVESTMENT BOARD

SERVING SAN BENITO COUNTY SINCE 1978

The County CSWD is an equal opportunity employer/program

EQUAL HOUSING
OPPORTUNITY

The County CSWD is an equal opportunity employer/program. - The County of San Benito complies with the Americans with Disabilities Act (ADA) by assuring that auxiliary aids for services are available upon request to persons with disabilities. Persons with hearing disabilities can call the TDD/TTY phone (831) 637-3265. Persons requiring any special needs for access to should call the CSWD office at 831-637-9293 at least five business days before the needed date to arrange for the special accommodations.

2. **Vacancies:** There are currently 4 Private Sector vacancies and 1 Public Sector. Any applications received will be considered for appointment to the full WIB
- D. **EconoVue:** Staff requested the WIB approve the software system EconoVue; a tool for workforce professionals to gather and analyze local data on business, employment and industry clusters. Enrique Arreola provided an update stating that staff has not yet received the price quote. But indicated the amount would not exceed \$2000, He explained the counties that would be included in the system and provided an overview of the program and discussed another system that staff will be comparing against. This way the staff will have a better understanding of which program would be best. Gary McIntire felt it was an impressive system and stated it was very powerful in accessing the information at our fingertips and also stated that partnering with the consortium would be affordable. *Due to the lack of a quorum, this item will be tabled to the next meeting.*
- E. **WIA Training Programs Policies:** Staff presented recommendations to amend the Individual Training Account (ITA), On-the-Job (OJT) and Work Experience Program (WEP) policies regarding exemptions from WorkKeys Assessment. Sylvia Jacquez provided an overview of the program. She stated that it is taking extra time for clients to complete assessment and also there is limited staff to administer the proctor testing. A few clients have not completed the assessment within the 30-day time limit and several have required additional time and are therefore ineligible to enroll into the training because of the current policy. Also, staff is finding that clients with disabilities are having difficulty completing the WorkKeys. Additional time and training for staff is required in order to be able to administer the test. As a result of the above findings, staff recommended several exemptions. The WIB already exempted non-English speaking clients. Requesting those with documented disability also be exempt. Staff also foresees difficulty enrolling clients in special funding grants due to limited time frame of these grants, ie; 25% DW AA or CDBG. Clients must be enrolled within 90 days otherwise their application expires. If clients haven't completed the WorkKeys in that timeframe, they would be deemed ineligible. Also, there is currently limited manpower in the office to conduct enrollments, proctor test, etc. There is 6 staff assigned to the WIA programs however, during the past few months the agency has experienced 1 retirement & 2 long-term medical leaves. WorkKeys is causing obstacles and staff is not able to meet the State mandates. Staff must expend 25% of Adult and DW funds on direct training services and right now is not meeting this requirement and faces the possibility of losing funding. The agency is looking to hire new staff with the two new grants. Staff will schedule a Special Executive Committee meeting to approve amend current policy. *Due to the lack of a quorum, this item will be tabled to the next meeting.*
- F. **LWIA Local Plan:** Staff provided an update on the 5-year LWIA Plan and the need for the Executive Committee & the Planning/Programs committee to meet to discuss the 5-year local plan. The meeting will be open to all board members in order to contribute to the 5-year plan and the meeting may take 3-4 hours. Identify 2 dates, April 24 or 25. 12-3:30 pm. Andi Anderson will send out a doodle.com poll. At the moment staff has not received all of the bids for the development of the 5-year plan

and for the Labor Market analysis for this County. Discussed was having college interns to assist with the programs.

- G. **California Workforce Services Network (CWSN)**: Staff provided an update on launch of Phase I, new CalJOBS system which was implemented March 11, 2013 and Phase II. Yuko Duckworth reported stating the new system is working out overall; however there are still some glitches they are working through. All clients must register & post resumes and many clients need staff assistance in the lobby. Workshops continue for clients who are required to attend in order to extend their unemployment and they must also logged into the system. The field office is collecting information on all of the glitches in order to fix them right away. Phase II – Sylvia stated possible launch in October.
- H. **Grant Applications: 25% WIA DW Additional Assistance Grant (CA Multi-Sector Grant)**: The 25% Grant has been received and the BOS will review and approve on the 16th of April. With these funds additional staff will be hired. Because of a recent retirement within the agency, there is a current list of possible applicants so extra staff should come aboard quickly. Staff is working on enrolling 1 individual and another is in process. 2 enrollments should be complete by the end of the month. Goal is for 50 individual to receive training with this grant.

II. **Additional Information:**

- D. **Unemployment Report:** California’s employment and unemployment data for February was attached.
