SUBJECT: WIA INITIAL LOCAL PLANNING GUIDANCE

This information bulletin transmits the local area Workforce Investment Act (WIA) Initial Local Planning Guidance for developing a 5-year strategic plan. The schedule and deadlines noted in this bulletin supercede all previous information.

The WIA requires all designated local workforce investment areas to complete a 5-year strategic plan describing the development of a comprehensive workforce investment system. The local plan is a collaborative process requiring the efforts of the Chief Elected Officials (CEO), local board, and one-stop system partners and stakeholders.

The State has provided this guidance to the appropriate CEOs of entities that have filed WIA designation applications. This information was mailed to the CEOs on December 8, 1999. This informational package is being distributed to all existing Service Delivery Areas to assist staff in meeting responsibilities they may have in developing these local plans.

A local area's deadline for submitting its plan depends upon whether it plans on requesting WIA youth transition funds (Job Training Partnership Act Information Bulletin B99-31, dated October 12, 1999). For local areas requesting youth transition funds, the State must receive the local plan by March 1, 2000. All other areas must deliver their local plan by March 31, 2000.

For questions regarding this information, please contact Norma McKay or Jose Luis Marquez from the California Office of Workforce Investment at (916) 654-9995. Additional information regarding WIA implementation is available on the CalWIA Web site at <http://www.calwia.org/>.

STATEMENT OF PURPOSE

This planning guide provides assistance to Chief Elected Officials and local workforce investment boards in developing local five-year strategic plans required under the Workforce Investment Act (WIA). The development of the local plan is key to building a comprehensive local workforce investment system that supports the State's strategy and envisioned system under the WIA. The plan must be prepared by the local board in partnership with the appropriate Chief Elected Official, and must be consistent with the State plan. [WIA, Section 118 (a)]

EFFECTIVE DATE AND PLANNING TIMELINE

This *Initial Local Planning Guidance and Instructions* becomes effective upon release. It is anticipated that *Supplemental Local Planning Guidance and Instructions* addressing areas awaiting California Workforce Investment Board policy or changes resulting from the WIA Final Rule will be released at a later date. These planning components, along with the *Local Workforce Investment Board Application, Membership Criteria, and Certification Process* (which will be issued when approved by the State Board and Governor) will comprise the core operational plan for local areas.

Local areas must submit a five-year Local Workforce Investment Plan by March 31, 2000 to be able to begin WIA operations on July 1, 2000.

Exception – if the local area is planning to receive advance WIA youth funding (available April 1, 2000), the local plan must be submitted by March 1, 2000.

BACKGROUND

The WIA of 1998 represents a national consensus on the need to restructure a multitude of federally funded workforce development programs into an integrated workforce investment system. It is envisioned that this system will better respond to the employment needs of its many customers including current workers, unemployed workers, dislocated workers, new entrants to the labor force, and employers, among others.

In California, implementation of WIA is also set in the context of building on the State's significant investment and related momentum in implementing major initiatives affecting workforce development including:

- The State's Performance-Based Accountability System established by Senate Bill 645, commonly referred to as the "report card system" for workforce development programs;
- The establishment of the State's One-Stop Career Center System;
- Implementation of the California Work Opportunity and Responsibility to Kids (CalWORKS) and related Welfare-to-Work Programs;
- Funding and support of local School-to-Career partnerships;
- Regional partnerships and policy framework developed under the State Regional Workforce Preparation and Economic Development Act; and
- The establishment of the State's CalJOBS internet-based job listing system that enables job seekers, employers, and partners direct access to services.

The WIA also reflects a strong commitment among stakeholders in the public employment and training system to fundamentally redirect services based on informed customer choice and performance accountability. The WIA incorporates seven key principles for the workforce investment system to guide this redirection.

Building on the principles established by the federal partners, California has set strategic goals as discussed below and identified preliminary strategies to accomplish these goals. It will be incumbent on our local partners to identify strategies and objectives for local workforce investment systems to support the accomplishment of California's strategic goals.

VISION

California's workforce investment system will advance the State's role in the global economy, offer all Californians opportunities to maximize their employment potential, provide employers with a highly skilled, dynamic workforce, and support California's economic growth.

PRINCIPLES AND STRATEGIC GOALS

- **Streamlining Services.** Streamlining services through the integration of multiple employment and training programs, including the Workforce Investment Act and the Wagner-Peyser Act, at the "street level" through One-Stop service centers.

Goal 1: Employment, training, and education programs will be integrated and coordinated in a manner which allows customer needs to be met, avoids duplication of services, and utilizes the One-Stop Career Center System to provide services. The system's primary customers include the State's current

and future workforce, and employers who depend on the availability of a competitive, skilled workforce.

- **Empowering Individuals.** Empowering individuals with the information and resources they need to manage their own careers through Individual Training Accounts (ITA) and better statistics on the performance of service providers, as well as on the skills demanded by employers.

Goal 2: Customers will be provided relevant information and assistance to guide them in making informed, effective decisions about their career goals, and be provided with information about the services and training available.

- **Universal Access.** Universal access for all job seekers to a core set of career decision making and job search tools.

Goal 3: Services will be available to all Californians through the One-Stop service delivery system. Services will be provided on a non-discriminatory basis, with reasonable accommodations available to individuals who may have special needs.

- **Increased Accountability.** Increased accountability of the delivery system to achieve improved results in job placement, earnings, retention in unsubsidized employment, skill gains, and occupational/academic credentials earned.

Goal 4: Service providers and program operators will be responsible for achieving performance outcomes in accordance with established levels and program requirements.

- **Strong Role for Local Boards and the Private Sector.** Strong role for local boards and the private sector by shifting emphasis from “nitty gritty” operational details to strategic planning and oversight of the One-Stop delivery system.

Goal 5: Chief Elected Officials, in partnership with local workforce investment boards, other governing bodies, and the State will be responsible for strategic planning, establishing performance levels, and for the success of local workforce investment systems.

- **State and Local Flexibility.** State and local flexibility to ensure that delivery systems are responsive to the needs of local employers and individual communities.

Goal 6: The State Board will exercise its option to develop policies that promote statewide system building and will provide local communities with the flexibility to design programs and services to meet local needs.

- **Improved Youth Programs.** Improved youth programs that strengthen linkages between academic and occupational learning and other youth development activities.

Goal 7: California's Workforce Investment System will provide youth with the opportunities to achieve career goals that will allow them to successfully compete in the labor market and prepare them for higher education.

EXECUTIVE SUMMARY

Enclose a brief summary, not more than two pages, of the five-year strategic local plan that gives a general overview of the proposed local workforce investment system. Include a description of how the system looks today, and how it will change over the five-year plan period. Include a discussion of the local board's economic and workforce investment goals and how the local system will support these goals.

I. PLAN DEVELOPMENT PROCESS

WIA gives States and local areas a unique opportunity to develop employment and training systems tailored specifically to State and local area needs. The local plan is only as effective as the partnership that implements it. The plan should represent a collaborative process among the Chief Elected Official and the local system partners. This collaboration will create a shared understanding of the local area's workforce investment needs, a shared vision of how the local workforce investment system can be designed to meet those needs, and agreement on the key strategies to achieve this vision. This collaborative planning at all stages should drive local system development, create strategies for improvement, and provide the opportunity for stakeholder and public participation, review and comment.

In this section, describe the plan development process, including a discussion of how comments received during the public comment period were incorporated within the plan. [WIA, Section 118(c)(1)]

(Please note: we recognize that local areas are required to develop various related local plans and we encourage you, whenever feasible and appropriate, to use planning information that has already been developed. However, the data you use must be accurate and current.)

- A. What was the role of the Chief Elected Official in developing the plan? [WIA, Section 118(a)]
- B. What local workforce investment board, transition board or existing body had oversight for the development of this local plan? If there was no such body, how will you create a responsible entity? [WIA Section 117(d)(4)]
- C. Describe the process used to provide an opportunity for public comment, including comment by the Chief Elected Official; the local workforce investment board and youth council; other local governing bodies; educators; vocational rehabilitation agencies; service providers; community-based

organizations; and migrant seasonal farmworker representatives. Describe the process used to get input for the plan prior to submission. [WIA Section 118(c)(1) and WIA Section 118(b)(7)]

D. How were comments that were in disagreement with the draft plan considered in developing the final plan? [*State Planning Guidance* I B. and WIA, Section 112(b)(9)]

- In an attachment, include comments that represent disagreement with the local plan. [WIA, Section 118(c)(3)]

E. Describe the method used to make copies of the local plan available through public hearings, and through the local news media and the Internet. [WIA, Section 118(c)(2)]

F. What other organizations were involved in the development of the local plan? How were they involved?

II. LOCAL VISION AND GOALS

The federal *Planning Guidance and Instructions for Submission of the State's Strategic five-year Plan* indicates that “a vision creates organizational alignment around a picture of a transformed future. It propels the organization toward achieving difficult but attainable strategic goals. Vision drives systematic improvements and produces outcomes. It is dynamic, not static.”

In this section, identify your broad strategic economic and workforce development goals (e.g., “All people who want to work can find jobs. There will be a growing number of business start-ups. Fewer people will rely on welfare assistance.”) Describe the shared vision of how the local WIA workforce investment system will support attainment of these goals.

A. What is your vision for your local workforce investment system, and how will your system appear at the end of the five-year period covered by this plan? [*State Planning Guidance* II B.] [WIA, section 117(d)(1)] Some specific questions that must be answered are:

1. In five years, describe how your local system will integrate services. [WIA, Section 117(d)(1) and Section 118(a)]
2. What programs and funding streams will support service delivery through the One-Stop system? [WIA, Section 121(b)(1)(B)]
3. Typically, what information and services will be provided and how will customers access them? How will the goal of universal access be

achieved? [20 CFR Part 652, et al., Interim Final Rule (I)(A), State Planning Guidance II.B. bullet 3]

4. How will Wagner-Peyser Act and unemployment insurance services be integrated into the local system? [WIA, Section 121(b)(1)(B)(xii), State Planning Guidance II B bullet 5]
 5. How will the local workforce investment system help achieve the goals of the State's workforce investment, welfare, education, and economic development systems? [WIA, Section 118(a)(b)(1) State Planning Guidance II B bullet 6]
 6. How will the youth programs be enhanced to expand youth access to the resources and skills they need to succeed in the State's economy? [WIA, Section 111(d)(2) and 112(a)]
- B. What are your board's broad strategic economic and workforce development goals? What steps will you take to attain these goals? [*State Planning Guidance* II A.]; [WIA, Section 118(a)]
- C. Identify organizations involved in the development of your local vision and goals.

III. LABOR MARKET ANALYSIS

The *Planning Guidance and Instructions* request information on key trends expected to shape the economic environment during the next five years, including the implications of these trends in terms of overall employment opportunities by occupation, key occupations, the skills needed to attain local occupational opportunities, growth industries and industries expected to decline, customer demographics, and the sources of data used to gather this information. Where appropriate, identify any regional economic development needs and describe how the local area will be involved in them.

In this section identify the needs of businesses, job training, and education seekers, economic development professionals, and training providers in your workforce investment area. Are these the same or different than those present in the previous service delivery area(s)? If different, how can the needs be better met by the new, local workforce investment system? To complete this section, answer the following questions.

- A. What are the workforce investment needs of businesses, job-seekers and workers in the local area? [WIA, Section 118(b)(1)(A)]
- B. How will the needs of employers be determined in your area? [*State Planning Guidance* IV.B.6. and WIA, Section 118 (b)(1)(A)]

- C. What are the current and projected employment opportunities in the local area? [WIA, Section 118(b)(1)(B)]
- D. What job skills are necessary to obtain such employment opportunities? [WIA, Section 118(b)(1)(C)]

IV. LEADERSHIP

As stated in the *Federal Register* of April 15, 1999, "The Department [of Labor] believes that changing from the existing JTPA Private Industry Councils to local workforce investment boards is essential to the reforms of WIA [Interim Final Rule §661.305]. The Department [of Labor] strongly encourages all eligible areas to create new, fully functional local boards as early as possible, and is committed to providing assistance to facilitate such changes."

In this section describe how authority will be exercised by the local workforce investment board. [WIA, Sections 117(b)(3) and 117(d)(1)]

- A. If an interim board was responsible for development of this plan, how will the plan and authority to oversee its implementation under WIA Section 117(d)(4) be transferred to the new local workforce investment board?
- B. What circumstances constitute a conflict of interest for a local board member, including voting on any matter regarding provision of service by that member or the entity that s/he represents, and any matter that would provide a financial benefit to that member? [WIA, Section 117(g)(1)(2)]
- C. How will the local board provide a leadership role in developing policy, implementing policy, and oversight for the local workforce investment system? [WIA Section 117(d)(4)]
- D. How will the local board assure the local system contributes to the achievement of the State's strategic goals?[WIA, Section 118(a)]
- E. How will the local board meet the WIA requirement that neither the local board nor its staff provide training services without a written waiver from the Governor? [WIA, Section 117 (f)(1)(A) and (B)]
- F. How will the local board ensure that the public (including persons with disabilities) have access to board meetings and activities including local board membership, notification of meetings, and meeting minutes? [WIA Section 117(e)]

V. LOCAL ONE-STOP SERVICE DELIVERY SYSTEM

The cornerstone of the new workforce investment system is One-Stop service delivery, which makes available numerous training, education, and employment programs through a single customer-focused, user-friendly service delivery system at the local level. The One-Stop system must include at least one comprehensive physical center in each local area that must provide core services and access to programs and services of the One-Stop partners. The system may also include a network of affiliated One-Stop sites and specialized centers that address specific needs.

In this section describe how services will be coordinated through the One-Stop service delivery system.

- A. Describe the One-Stop delivery system in your local area. [WIA, Section 118(b)(2)]. Include a list of the comprehensive One-Stop centers and the other service points in your area.
- B. Describe the process used for selecting the One-Stop operator(s) [WIA, Section 121(d)(2)(A)] including the appeals process available to entities that were not selected as the One-Stop operators. [Interim Final Rule § 667.600 (b)(1)]

VI. YOUTH ACTIVITIES:

As a way to connect youth to workforce investment resources, WIA requires youth programs to be connected to the One-Stop system. WIA requires improved youth opportunities and Youth Councils to be part of local workforce investment systems. Youth councils have authority to develop the youth-related

portions of the local plans, to recommend youth service providers to the local boards, to coordinate youth services, and to conduct oversight of local youth programs and eligible providers of youth programs.

PRELIMINARY LOCAL PLANNING INFORMATION
PERFORMANCE MEASURES FOR
WORKFORCE INVESTMENT ACT, TITLE 1, SUBTITLE B

Section 136(c)(2) of the Workforce Investment Act (WIA) requires that the Local Workforce Investment Board, the Chief Elected Official and the Governor negotiate and reach agreement on the local levels of performance which are based on State adjusted levels of performance. WIA Section 136(b) requires that the Secretary of Labor and the Governor reach agreement on state levels of performance for each of the core indicators of performance and the customer satisfaction indicator for the first three program years covered by the State Plan.

In order to begin this process, the U.S. Department of Labor (DOL), Region VI, has requested that states produce data on the proposed WIA performance measure calculations, based on unemployment insurance wage records, using the most recent Job Training Partnership Act (JTPA) population. States may also choose to produce data on Job Service program participants as a substitute, or proxy, population for participants who will receive intensive services under WIA. Participants who receive intensive services under WIA are to be included in the WIA performance measurements.

Local Workforce Investment Areas (local areas) will have this data based on current JTPA Service Delivery Area configurations and October 1999 JTPA populations. No regression analysis will be applied to this data. Local areas that target special population service needs should use this information as part of the negotiation process.

The attached sheet is the format California plans to use to submit the negotiated levels as part of the State Plan. In order for the State to plan and negotiate effectively with DOL, local plans will use the same format when planning and negotiating levels with the State. The format reflects each of the performance indicators for adult, dislocated worker, youth (19-21), and youth (14-18). Local plans will also address the strategies that will be used to achieve the customer satisfaction performance indicator.
