| **WSIN18-03** PRISION TO EMPLOYMENT – REGIONAL PLANNING GRANTS The California Workforce Development Board (State Board) and the Employment Development Department are pleased to announce local assistance grants of up to $1,750,000 in state General Funds for collaborative development of regional partnerships and plans to serve the formerly incarcerated and other justice involved individuals in California. In July 2018, the California Legislature approved $37 million in state General Funds for the Prison to Employment Initiative proposed by Governor Jerry Brown in his 2018 budget proposal. Funding for the Prison to
Employment Initiative is intended to support regional planning efforts, fund regional plan implementation, and provide resources for direct services to the formerly incarcerated and other justice-involved individuals. It also sets aside specific resources for both supportive services and earn and learn activities. The State Board is interested in funding applications that further advance the goals of the California WIOA Unified Strategic Workforce Development Plan 2016-2020 and build workforce system infrastructure and capacity.

**WSIN18-04**

CAAL-SKILLS – LETTER OF INTENT TO APPLY EVALUATION AND ASSESSMENT The California Workforce Development Board (State Board) is interested in contracting with a research organization(s) to help evaluate and assess workforce development and related education and human service programs in California. The purpose of this Intent to Award is to gather pertinent information about the research organization and its associated qualified individuals’ technical skill and proficiency, education and workforce development system knowledge, relevant published works, expertise for performing statistically rigorous quantitative analysis that builds on existing methods and research relevant to the field, and overall capability to utilize and securely handle confidential data. As well as meeting federal and state-mandated evaluation and assessment, the State Board is interested in showing the impact of how types of training and services effect labor market outcomes for served populations across California’s Workforce Innovation and Opportunity Act regional planning units.

**WSIN18-05**

CalJOBS local grant codes have been provided to Local Workforce Development Areas (Local Areas) so that city, county, or other non-state funding can be used to co-enroll participants and to track services provided using the Workforce Innovation and Opportunity Act (WIOA) case management module. Local grant codes do not effect WIOA performance, but do facilitate a method by which Local Areas can track services provided to participants while utilizing the WIOA - Title I Application. Enrolling participants in a clock-restarting service, using a locally funded grant code, will restart the exit clock.
