B. **America’s Job Center of California (AJCC) Comprehensive and Affiliate/Specialized Certification**: Staff provided an update on the Directive WSD20-08 which was due to be submitted to the State by the November 1, 2021 deadline; an extension was given and the report will be submitted by November 12, 2021. Completed every few years, this policy provides the guidance and procedures regarding certification of comprehensive and affiliate/specialized AJCC locations. This policy also required the AJCC to submit a Continuous Improvement Plan which is due December 31, 2021.

C. **Program Reports**: Staff and board chair met to discuss the various employment opportunities in the surrounding Tri-counties and locally and the issues filling said positions, how to engage with employers and the types of trainings such as work experience and vocational which are currently in place. Will discuss local positions in San Benito County, how to assist employers, marketing, and development of partnerships. A policy is being worked on to be included in the discussion. It is important to assist employers to know about the services provided and the possibility of developing an employer outreach campaign with a goal to share the services offered and recruitment efforts. Improvement with partnership with high school to include: resume writing, career exploration, job interviews, etc. Mike Fisher discussed what he does with the culinary program and how he has been assisting his students with employment development and his goal of incorporating work experience into the curriculum and finding the funding to support this. There are students that are actually employees of the school, and they work in the cafeteria through the Culinary Program preparing meals to be sold to teachers. The long-term goal is to try to open that up so students can go work in local restaurants, bakeries and that it isn’t an added expense for the employer, but an extension of the high school culinary program. This is a similar concept to the summer youth employment program and Mike’s input is in alignment with WIOA programs which are already in place. Discussed ways to partner using existing programs, eligibility requirements, pursue other grant funding/match funds, etc. It would be worth it to come together to discuss further in order to best serve the students. Discuss this further at the next youth committee meeting. Claire asked for information so she can be better informed, and staff will send. She stated 85% of student’s self-report that they are continuing on to secondary education, 10% are either going to work or the military. The Youth Committee will schedule a meeting in December and come back with recommendations for the board and staff. Also discussed needs for employers and why people may or may not want to work due to COVID and receiving unemployment and getting more money by not working.
Also discussed was if a survey had been completed for employees and why they may have left their previous employer.

D. **Committee Updates:** The Board Chair asked that all committees come back to the next meeting with any recommendations or updates for their respective committee. In doing so, it could help the board and staff to be more effective with their time and energy moving forward.

2. **Audit Committee:** A program desk review was scheduled for the 1st week in November.

WSIN21-29 - WIOA State Plan Modification – Public Comment Period: The California Workforce Development Board (CWDB) is seeking public comments on California’s Unified Strategic Workforce Development Plan (State Plan) 2020-2023 Modification.

The four-year State Plan represents an agreement among the core partners identified in the Workforce Innovation and Opportunity Act (WIOA) and serves as the framework for developing public policy, fiscal investment, and operation of all state labor exchange, workforce education, and training programs. The US Department of Labor requires states to review and submit modifications to their State Plans at the two-year point that reflect any changes in the labor market and economic conditions, or other factors affecting implementation. The workforce development community is encouraged to review the State Plan and submit comments to the WIOA State Plan inbox.

The State Plan is posted on the CWDB website for a 30-day public comment period. Comments will be accepted until 5 p.m. on Monday, February 14, 2022, and must be submitted in writing by email to WIOAStatePlan@cwdb.ca.gov.

If you have any questions, contact Marissa Clark at Marissa.Clark@cwdb.ca.gov.

WSIN21-28 - PY 2020 Local Area Performance Scores Update: Due to delay in receiving the updated Statistical Adjustment Model (SAM) from the Department of Labor (DOL), the Local Workforce Development Area (Local Area) Performance Scores for Program Year (PY) 2020 were not released by December 31, 2021 as described in Calculating Local Area Performance and Nonperformance (WSD20-02).

The calculation of Local Area performance scores requires the use of the DOL SAM to make adjustments for actual economic conditions and the characteristics of the participants served. Due to the significant impact of the pandemic on California’s economy, the State is waiting to receive the final PY 2020 SAM from the DOL to ensure the same tool is used to calculate performance scores for the State and Local Areas. The updated SAM is expected to be provided to states in the early spring of 2022.

The Program Reporting and Analysis Unit (PRAU) will provide further updates as they become available.

If you have any questions, please contact the PRAU at WSBManagePerformance@edd.ca.gov
